## AGENDA ITEM COVER SHEET

---

### SUBJECT:

Consideration and possible action to approve **an appropriation of \$185,000 to Superion LLC** for annual software maintenance expenses for the Superion CAD/RMS system (Public Safety Computer Aided Dispatch System).  
Chris Bryce, IT Director

---

### ITEM SUMMARY/SPECIAL CONSIDERATIONS:

*This item is one of several annual technology maintenance appropriations that are submitted for advanced approval at the beginning of each fiscal year so that invoices may be paid in a timely manner when they are received.*

The Superion OneSolution software system is an enterprise class software used for the City's mission critical 911/emergency service dispatch operations. Maintenance covers software updates and fixes, as well as ongoing software support.

---

### FINANCIAL IMPACT:

All items were budgeted during the FY 2020 budget process. Expenses in the amount of \$185,000 will be recorded in account 570-5-0641-51-341 (IT Contracts – Annual Contracts). The purchase qualifies as a proprietary exception because it is a renewal of maintenance on a previously purchased product.
