- (b) A person who is removed from the Fire Marshal appointment shall be reinstated in the Department and placed in the rank that immediately preceded their appointment and shall retain protection under the Civil Service regulations.

### **Section 5. Statutory Override**

This Article supplants sections 143.014, 143.021, 143.028, 143.030, 143.032, 143.033, and 143.036 of the Texas Local Government Code. This Article further preempts, to the extent of any conflict, all contrary state statutes, local ordinances, executive orders, civil service provisions, or

rules adopted by the Department head or head of the City or by a division or agent of the City, such as the commission.

## **ARTICLE 8 COMPENSATION**

### **Section 1. Base Pay Philosophy**

The City recognizes that the recruitment and retention of highly capable and professional Fire Fighters is essential to the success of the Georgetown Fire Department. As such, it is the desire of the City to maintain a pay philosophy that considers the average pay for Fire Fighters as reflected in Section 3(a). The parties recognize financial limitations may face the City in challenging economic periods. Section 3(c) of this Article reflect the Parties' intent to address the current economic period and are not intended to serve as precedent in future agreements.

### **Section 2. Comparator Cities**

Austin, Cedar Park, New Braunfels, Travis County ESD 2, Lewisville, Sugar Land, and Round Rock shall continue to be used as comparator cities for the salary survey to be conducted each year of this agreement. City staff will survey salary competitiveness in the first quarter of each calendar year. The results of each survey will be reviewed with Association leadership. Based on the survey information of the comparator cities and in the manner described in section 3, the average of base pay for minimums for each rank shall be calculated and proposed for approval as a part of the budget process.

### **Section 3. Compensation Proposal Calculation**

(a) Compensation for the ranks of Fire Fighter, Fire Driver, Fire Lieutenant, Fire Captain, and Fire Battalion Chief shall be proposed on the basis of the following calculations.

(b) Fiscal Year 19/20 - During the first year of the Agreement the City will recommend the step plan and implementation outlined in Appendix "A". The implementation of this updated step plan would occur in two phases:

- Phase one – implementation - will occur in the first full pay period in fiscal year 19/20, with an effective date of October 14, 2019 that will be reflected on the November 1, 2019 paycheck. Implementation consists of updating the market competitive rates for each rank and step. Employees will retain their current rank and step.
- Phase two – step - will consist of step increases upon the employees previously established step date.

The pay plan recommended for implementation in October of 2019 continues to reflect the methodology agreed to by the City and the Association, specifically:

- To allow overlap between ranks;
- To allow individuals to stay in the step they are in upon adoption of new pay structure;

- To increase pay acceleration at early steps within the Fire Fighter rank;
- Individuals stepping up to a higher class role as defined by departmental policy will be placed in the higher class rank at the nearest step that results in at least a five percent (5%) increase in base salary from the individual's rank to the higher class rank for that duration; and
- Individuals that are promoted will be placed in the new rank at the nearest step that results in at least a five percent (5%) increase in base salary.

(c) Future fiscal years - In future years, FY 20/21 and beyond, the City commits to, at a minimum, proposing Sixty percent (60%) of the market gap using the following methodology:

The recommended base pay scale shall continue to be calculated by the salary survey conducted in the first quarter of each calendar year of the Agreement, utilizing the average minimum base salary for each rank of the seven (7) comparator organizations as specified in this Agreement. The recommendation will propose that the minimum base pay for each rank above Firefighter will receive an increase (should an increase be required) to match the survey average for base pay minimums. The rank of Firefighter recommendation will continue to be based on the combined average base pay minimum plus any paramedic assignment and/or certification pay.

City staff shall prepare a report to the City Manager to be forwarded to the City Council at the time the proposed budget is submitted to the City Council that will show the cost of implementing the pay increase as calculated above.

Recommendations will include implementation during the first full pay period in October, unless otherwise determined by both parties through the Labor/Management Pay Subcommittee discussions.

#### **Section 4. Override**

This Article supplants 143.041(b) and 143.038 of the Texas Local Government Code.

#### **Section 5. Funding Obligations**

Depending upon the financial forecasts, the City may implement the compensation recommendations in Section 3 between the first pay period of the fiscal year and the first pay period of July of each fiscal year. The City presently intends to continue this Agreement each fiscal year through its term, to pay all payments due, and to fully and promptly perform the obligations of the City under this Agreement.

All obligations of the City shall be paid only out of current ongoing revenues or any other funds lawfully available for those obligations, including tax revenues reasonably anticipated at equal or higher total gross amounts as were collected in each preceding fiscal year respective to each year of the Agreement, and appropriated for such purpose by the City Council, in compliance with the Texas Constitution, Article XI, Sections 5 and 7.

Following the adoption of the annual budget that may establish a pay increase, should the City Council find it fiscally necessary to reduce base pay for non-civil service City employees, or implement other cost saving measures such as mandatory furloughs or a reduction-in-force, the increases recommended under this Article may be reduced accordingly.

If at any time during the term of this Agreement, or any extension thereof, the electorate of the City subjects the Government of the City to a rollback election; and, as a result of such rollback election, the City suffers a reduction in revenues due to a reduction in the tax rate, the Association agrees to reopen the salary and other compensation provisions of this Agreement for the purpose of renegotiating the same. If sixty (60) calendar days after these negotiations begin, no agreement has been reached; this Agreement shall terminate and be null and void in its entirety.

## **ARTICLE 9 OVERTIME CALCULATION**

### **Section 1. Overtime Calculation**

Per federal law and existing City policy, non-productive time taken by the employee is not considered time worked for the purposes of calculating overtime. In acknowledgement of the unique work and staffing requirements of Fire Fighters, the parties agree that, starting on October 28, 2019, this article will supersede City policy for all Fire Fighters assigned to a 56 hour workweek engaged in fire suppression activities. Thereafter, approved paid vacation and holiday leave time taken by said Fire Fighters shall be calculated as hours worked.

### **Section 2. Statutory Override**

This Article preempts, to the extent of any conflict, all contrary state statutes, local ordinances, executive orders, civil service provisions, or rules adopted by the Department head or head of the City or by a division or agent of the City, such as the commission.

## **ARTICLE 10 ASSIGNMENT PAY**

### **Section 1. Assignment Pay**

The parties agree that certain specialized roles performed by Fire Fighters and assigned by the department head should receive assignment pay.

### **Section 2. Guidelines**

As such, the following Assignment Pay plan, reflecting incentive amounts, shall become effective October 28, 2019 and reflected on the November 15, 2019 paycheck.

Eligible Assignments:

**(a) Ambulance Assignment Pay                      \$25 PER 24 HOUR SHIFT ASSIGNED**

1. Ambulance Assignment Pay is only available to employees at the rank of Fire Fighter assigned to work a 24 hour shift assigned to an ambulance/TRV. If a shift is split between multiple employees, the full assignment pay will be granted to the employee who works the largest portion of that shift. If a shift is evenly split, the full assignment pay will be granted to the employee working the first portion of the shift. All assignments are at the discretion of the department head.
2. In the event that a 12 hour peak ambulance is deployed during the term of this agreement, the department head is authorized to create procedures to adapt ambulance assignment pay to incent assigned employees.
3. New employees assigned to an ambulance as part of their training are not eligible for Ambulance Assignment Pay.

**(b) Paramedic Credential Pay                      \$450 PER MONTH**

1. Paramedic Credential Pay is only available to employees at the ranks of Fire Fighter, Paramedic II, and Fire Driver.
2. Employees receiving Paramedic Credential Pay are ineligible to receive paramedic certification pay or assignment pay.
3. Determination of eligibility for Paramedic Credential Pay is made by the Department Head.

### **Section 3. Statutory Override**

This Article supplants section 143.042 of the Texas Local Government Code. This Article further preempts, to the extent of any conflict, all other contrary state statutes, local ordinances, executive orders, civil service provisions, or rules adopted by the Department head or head of the City or by a division or agent of the City, such as the commission.

## **ARTICLE 11 STANDBY PAY**

### **Section 1. Standby Pay**

Civil Service employees in certain roles are required to be available in standby status as part of their job. Civil Service law does not currently allow for standby pay. It is the desire of the City and Association to make the current City Standby Pay policy, currently policy number 211, applicable to Fire Fighters as designated by the department head based on their role.

Standby pay will take effect for employees designated by the department head beginning no sooner than October 28, 2019 and reflected on the November 15, 2019 paycheck.

This article will remain in effect for the duration of this agreement, regardless of whether the policy number is changed.

### **Section 2. Statutory Override**

This Article supplants section 143.041 of the Texas Local Government Code. This Article further preempts, to the extent of any conflict, all other contrary state statutes, local ordinances, executive orders, civil service provisions, or rules adopted by the Department head or head of the City or by a division or agent of the City, such as the commission.

**ARTICLE 12**  
**REPRESENTATION ON BENEFITS COMMITTEE**

The Association may appoint one (1) member to the City's Benefit Committee. That appointee shall be a fully participating member of the Committee and perform the same duties as all other members of the Committee.

### **ARTICLE 13**

#### **LABOR/MANAGEMENT RELATIONS**

Each Party shall designate three (3) representatives to serve on a joint Labor/Management Committee (“Committee”). This Committee shall meet quarterly at agreeable times and places to discuss matters of mutual concern. Such discussion shall be for the purpose of encouraging productive relations between the parties and the improvement of the emergency services to the community. The City Manager and Association President will each attend a minimum of two meetings per year. The meeting will include discussion of pressing issues, such as staffing levels, for the Association and the City. Furthermore, the intent is to establish a list of topics/issues that may be discussed within the next formal meet and confer process. A minimum of two (2) members from each party must be present for a meeting to be held. The Department head will make reasonable efforts to accommodate requests by Association members to attend if they are on duty. Both parties understand and agree that Committee meetings are not required on any issue, except where provided for in Article 5 of this Agreement, and are not a condition nor limitation on the management rights to make and enforce policies, rules, regulation, or operational decisions.

The work of the Committee shall be conducted on City time without loss of pay by Committee members; except that meetings which are scheduled at times when Association members who are not on duty, such members shall attend on their own time without compensation.

## **ARTICLE 14 BULLETIN BOARDS**

### **Section 1. Bulletin Board Space**

The Association shall be permitted to maintain, at each firehouse and the Public Safety Building, one (1) bulletin board to be used exclusively for Association business. These bulletin boards shall be allowed by the City, shall be consistent with the decor of the building, and located in suitable locations easily accessible to the employees for the purpose of posting notices of interest to members of the Association.

### **Section 2. Maintenance of Posted Materials**

The Association shall be responsible for maintaining all posted materials and shall ensure that all posted materials are compliant with any and all city policies relating to public postings. The City shall have the authority to remove any posted materials that are non-compliant with said policies.

## **ARTICLE 15**

### **CONTRACT INTERPRETATION DISPUTE RESOLUTION PROCEDURE**

#### **Section 1. Scope of Procedure**

The City and Association recognize that from time to time disagreements between the Parties may arise as to the application or interpretation of this Agreement. The Parties therefore agree that the purpose of this dispute resolution procedure is to provide a just and equitable method for resolving disagreements between the Parties regarding the application or interpretation of the provisions of this Agreement. Only matters involving the interpretation, application, or alleged violations of a specified provision of this Meet and Confer Agreement shall be subject to this dispute resolution procedure. Any matters for which the right of appeal or review is afforded by Chapter 143 of the Texas Local Government Code are excluded from the scope of this article.

#### **Section 2. Application of Procedure**

If the Association has a dispute with the City regarding this Agreement, the Association Executive Board, or Association's President's designee, should reduce the dispute to writing and deliver it to the City's designated representative, who shall be its Department head or designee.

A Firefighter may not file a request for contract dispute resolution directly with the City; all resolution requests must be approved and come from the Association Executive Board.

Each dispute shall be submitted in writing, and must include, at minimum, the following information:

1. a brief statement of the dispute and the facts or events on which it is based;
2. the sections(s) of the Agreement alleged to have been violated;
3. the remedy or adjustment sought; and
4. the bargaining unit member's signature or, if filed by the Association Executive Board, the signature of the Association President or designee.

Any claim or dispute by a Firefighter or group of Firefighters under this Agreement which includes a claim for pay or benefits for any past pay periods must be filed by the employee with the Association Executive Board within fifteen (15) business days of the date when the employee knew or reasonably should have known of the claim. Disputes by the Association Executive Board, or Firefighter shall proceed along the following steps:

**Step 1.** An aggrieved Firefighter must initiate a dispute with the Association Executive Board within fifteen (15) business days of the date upon which the Firefighter knew of or should have known of the facts giving rise to the dispute. A copy of notice or receipt of the dispute shall be forwarded to the Department head by the Association Executive Committee within three (3) business days of the receipt of the dispute. The Association Executive Board shall within their sole discretion determine if a dispute exists within fifteen (15) business days of receipt of the dispute. If the Association determines that no dispute exists, the grievance will be deemed denied and it shall notify the Department head in writing that no further proceedings will be necessary. If the

Association Executive Board determines that the dispute is valid, it will notify the Department head of such and forward a copy of the grievance to the Department head within fifteen (15) business days after determination.

**Step 2.** Any dispute found to be valid by the Association Executive Board shall be submitted to the Department head within fifteen (15) business days of the Step 1 decision. After receipt of the dispute, the Department head shall within fifteen (15) business days submit his/her response in writing to the Association Executive Board. If there is no timely reply from the Department head the grievance is deemed denied and will proceed to the next step as indicated.

**Step 3.** If the dispute is not resolved in Step 2, the Association Executive Board may advance the dispute in writing to the City Manager or designee within fifteen (15) business days from receipt of the Step 2 decision of the Department head. The City Manager or designated representative shall review the matter and render a decision in writing to the Association Executive Board within fifteen (15) business days of the receipt of the dispute in Step 3. The City Manager or designee may, at his/her discretion, conduct a conference to further explore the merits of the dispute and to explore resolution options.

**Step 4.** If the dispute is not resolved in either Step 2 or Step 3, either Party shall have the right to seek mediation of the dispute by requesting same in writing within fifteen (15) business days from the Department head's response or the City Manager's response. The mediation will proceed before either a mediator with the Federal Mediation and Conciliation Service or before a mutually agreed mediator. The mediation shall be held in available facilities of the City of Georgetown.

**Step 5.** If the dispute is not resolved at Step 4, the Association Executive Board shall have fifteen (15) business days from the date of mediation to determine whether it will pursue the dispute under this article through arbitration. Under this step, the Association Executive Board must deliver a letter indicating its election to proceed to arbitration to the Department head and City Manager.

### **Section 3. Arbitration Option**

The Parties have agreed that all disputes under this Agreement, which concern the application and interpretation of this Agreement, shall be submitted to final and binding arbitration, and the Parties exclude from this Agreement disputes involving statutory application and interpretation for rights and claims not arising under sections 142 or 143 of the Texas Local Government Code. The terms of the Agreement, and any factual issues which are determinative in applying the Agreement, shall be the sole province of the designated arbitrator, and his or her decision shall be final. However, the City will only agree to arbitration on the condition that legal issues which are determinative in any contract dispute are subject to judicial review. This additional exception to the Parties' arbitration Agreement is a narrow one, as reflected by the bargaining history. This contract represents an agreement to submit disputes to arbitration within its scope, and otherwise preserves the existing jurisdiction of Texas Courts over any contract rights and claims not exclusively committed to arbitration. The Parties have agreed that questions of law, which involve either the interpretation and application of state statutes or the application of legal principles from Texas appellate court opinions (or the failure to properly apply such legal principles or opinions) to controversies under this article shall be submitted initially to arbitration, but that either party shall

have a limited right of appeal from an arbitration award in the Courts solely for the purpose of reviewing disputed issues of law. No such appeal from arbitration shall include review of any factual determinations by the arbitrator, including credibility of witnesses or weight of the evidence. If an appeal from arbitration based on erroneous application of the law is not successful, the appealing Party shall bear all costs of such appeal.

If a dispute is submitted to arbitration, within seven (7) business days, the Department head and/or City and the Association shall select an arbitrator by alternately striking names from the Parties' pre-determined panel of six (6) qualified neutral arbitrators. The process will be as follows: the Association shall strike the first name under this article with the first dispute brought under this article. Thereafter, the first strike shall alternate between the Parties. The panel list is attached as Appendix B to this Agreement. Should any panel member subsequently refuse or be unable to continue to serve on the panel, the Parties may mutually agree to his replacement. The remaining members of the panel will continue to serve for the duration of the Agreement. The arbitration should be held at the earliest available date, but may be continued for good cause shown or upon mutual agreement.

Upon written request delivered at least fourteen (14) calendar days prior to the date of the hearing, a party to the proceeding shall provide, no later than seven (7) days prior to the hearing, to the opposing party the names and addresses of witnesses expected to be called at the hearing. In the absence of good or excusable cause, the arbitrator may exclude the testimony of a witness upon the failure of a party to disclose such a witness. The parties, in writing, may request discovery from each other concerning the grievance. Should the opposing party not agree to provide the requested information within seven (7) calendar days of the request; the request shall be deemed denied. The requesting party may then apply to the arbitrator, who shall order such discovery consistent with, but not bound by, the rules of discovery in Texas civil cases. In considering the application, the arbitrator shall consider the burden and expense of producing the information, the need of the requesting party, the amount of time available prior to the hearing, and such other matters as he may deem material. In no event shall discovery be requested within thirty-five (35) calendar days prior to the hearing, unless agreed by the parties.

The hearing shall be held in available facilities of the City of Georgetown and shall be conducted informally, without strict evidentiary or procedural rules. The conduct of the hearing shall be governed by the standard rules of the American Arbitration Association. The arbitrator shall consider and decide only the issue(s) in the dispute statement or submitted in writing by agreement of the Parties. The hearing shall be concluded as expeditiously as possible and the arbitrator's written decision shall be based on a preponderance of evidence within thirty (30) days after close of the hearing, or after receipt of post-hearing briefs if applicable.

#### **Section 4.     Decision Final and Binding**

If arbitration is selected, the Parties specifically agree that the arbitrator's authority shall be strictly limited to interpreting and applying the explicit provisions of this Agreement. The arbitrator shall not have authority to modify the Agreement or create additional provisions not included in the Agreement. The Parties agree that neither the City nor the Association shall have *ex parte* communications with the arbitrator concerning any matter involved in the dispute submitted to the

arbitrator. Each Party shall be responsible for its own expenses in preparing for and representing itself at arbitration, but the fees and expenses of the arbitrator shall be borne equally by the Parties. The written decision of the arbitrator shall be final and binding on both Parties and may not be appealed by either Party, except for any decision procured by fraud or collusion, or which exceeds the arbitrator's jurisdiction or which is based on legal conclusions or interpretations which are clearly contrary to existing law.

#### **Section 5. Mutual Extension**

All deadlines within this article may be extended by mutual agreement by the Parties.

#### **Section 6. Grievances of Non-Association Members**

Grievances of Non-Association members must follow the same procedure outlined by this article. However, should the grievance of a Non-Association member require that Association resources be used, the Non-Association member will be required to pay all expenses incurred while pursuing final disposition of their grievance. These shall include cost for payment of Arbitrator fees, counsel fees and any other fees directly related to the grievance. All disciplinary appeals shall follow the procedure as outlined in chapter 143 of the Local Government Code.

**ARTICLE 16**  
**MANAGEMENT RIGHTS AND MAINTENANCE OF STANDARDS**

**MANAGEMENT RIGHTS**

**Section 1.**

The Parties understand and agree that the City as a duly constituted home rule municipality under the Constitution and Laws of the State of Texas, hereby retains all those powers, privileges, rights, and authority conferred upon it by law, and nothing in this Agreement shall be construed or interpreted as being in derogation of, or delegation of, those powers, privileges, rights, and authority, other than as required under Chapter 143 of the Texas Local Government Code.

**Section 2.**

The powers, privileges, authority, and responsibilities retained by the City includes, but are not necessarily limited to, the following subject matter areas, except as otherwise specifically identified by law and the terms of this Agreement:

- f) Scheduling of vacation leave, compensatory time leave, and any other paid time off, whether paid or unpaid;
- g) Discretionary assignment and authorization to control allowance of overtime work, except as otherwise provided in this Labor Agreement;
- h) Scheduling operations, assignment of shifts, and determination of appropriate staffing needs and requirements;

- i) Control of performance, production and service standards within the Fire Department.

**B. MAINTENANCE OF STANDARDS**

**Section 1.**

All fiscal benefits, privileges, and working conditions existing in the Fire Department on the effective date of this Agreement, but which are not explicitly addressed in this Agreement, shall remain unchanged for the duration of this Agreement, so long as the maintenance of those benefits, privileges, and working conditions do not interfere with the operations of the Department.

**Section 2.**

The Parties expressly understand and agree that any modification or changes to existing practices and operations shall be consistent with the spirit and intent of this Article, that any such modifications or changes, if any, must be reasonably related to a legitimate administrative or operational needs of the Department and the City and must not conflict with any state law, federal law, governmental regulation, or any other provision of this Agreement.

**Section 3.**

This Section is intended to supplement the preceding Section on Management Rights, and shall not be construed as being in derogation, or further modification of, the management prerogatives and rights addressed in the section on Management Rights or those rights otherwise allowed by Texas law.

**ARTICLE 17**  
**TERM OF AGREEMENT**

This Agreement shall have an effective date of October 1, 2019, and shall remain in full force and effect through September 30, 2022. This agreement may be extended by written mutual agreement.

**ARTICLE 18**  
**SAVINGS CLAUSE, PREEMPTION PROVISION,**  
**AND COMPLETE AGREEMENT CLAUSE**

**Section 1.     Savings Clause**

If any provision of this Agreement is rendered invalid by a court of competent jurisdiction, such invalidity shall not affect any other provision of this Agreement, which shall continue to be in full force and effect for the duration of the Agreement, and the Parties shall meet as soon as possible to agree on a substitute provision. However, if the Parties are unable to agree within thirty (30) days following commencement of the initial meeting, then the matter shall be postponed until Meet and Confer negotiations are resumed. This deadline may be extended by mutual agreement by the Parties. To this end, the provisions of this Agreement are severable. This Agreement may be amended by written mutual agreement.

**Section 2.     Preemption Provision**

The provisions of this Agreement shall supercede the provisions of any statute, Executive Order, local ordinance, or rule, which are in conflict herewith, including for example and not by way of limitation, the contrary provisions of Chapter 143; Ordinances of the City of Georgetown, Texas; and Rules and Regulations of the Firefighters' and Police Officers' Civil Service Commission for the City of Georgetown, Texas. This preemption provision is authorized by section 142.117 of the Texas Local Government Code, and the Parties have expressly agreed that each and every provision involving or creating such a conflict shall have the effect of superceding the statutory standard or result which would otherwise obtain, in the absence of this Agreement. This provision is of the essence to the bargain and Agreement, which has been reached.

**Section 3.     Complete Agreement Clause**

The Parties agree that each has had full and unrestricted right and opportunity to make, advance and discuss all matters properly within the meet and confer process. This Agreement constitutes the full and complete Agreement of the Parties and there are no others, oral or written, except as specified in this Agreement.
